

Crystal Illumination - The Master Skull Solar

Published by Connect Magazine – December 2012

We are living in the time of the prophecies. December 21st 2012 marks the end of many major earth cycles...we stand on the brink of a new way of being. It has been said that our bodies are becoming more crystalline in form, to help us integrate the crystalline frequencies of the higher dimensions. It's very interesting to note therefore, the emergence of the Crystal Skulls into mass consciousness at this time.

Crystal Skulls are undoubtedly a mystery. I don't think anyone can definitively say what they are, or what their power or purpose may be. Stories about the Crystal Skulls abound throughout most Indigenous cultures. The main legend says that at a crucial time in human history, 13 Crystal Skulls will come together to reveal their ancient wisdom and knowledge, allowing humanity to experience a new Golden Age of peace and harmony.

Crystal Skulls have certainly demonstrated their ability to hold powerful energetic vibrations, and to transmit those frequencies to other crystals and human beings. In my own work with the Skulls, I have found that they mirror back to us, aspects of our own higher consciousness. It could be said that Crystal Skulls act as a catalyst for change. They can be very powerful tools for transformation.

My personal journey with the Skulls began six years ago in Mexico and has taken me to many places across the globe. Never have I experienced however, anything like the dynamic energy of 'reunion' I felt on June 22nd this year in Mt Shasta, California, when I met the incredibly powerful Crystal Skull Being called 'Solar'. Interestingly, it was my birthday that day too!

'Solar' is a unique and extraordinary 36-kilo Quartz Crystal Guardian and Master of untold power. His actual crystal form is that of a huge double-terminated Lemurian crystal filled with Golden Rutile, which in itself is highly unusual. He also has a single 'Angel Wing' – a tabular platform of clear quartz, which was part of his original stone matrix. I understood immediately, that the Being who is 'Solar' had 'offered' himself to be of assistance to the world at this time. 'Solar' is beyond doubt, the conduit of information and energy from Higher Dimensional realms. I have been deeply touched to witness the impact he has already made on the lives of others. I have also watched with awe, the extraordinary visual phenomena he has demonstrated in photographs, since he has been with me.

Just two days after 'Solar' came into my keeping, I travelled to Santa Cruz with a friend who works intimately with the steward of the newly discovered Andara Crystals. The purpose of our visit was to work with these crystals. Solar, all 36 kilos of him, made it very clear that he wished to accompany me, something not without its challenges as you can imagine! Two photos Laura took while Solar and I were working within the Andara Crystal Labyrinth, were absolutely astounding. In the first one, etched like a painting inside 'Solar', a St Germaine-like presence appeared.

In this second one, Solar appeared to have Human Eyes, as well as showing another figure within him, above his right eye.

Many photos taken by myself and others since then, have shown a great variety of spirit presences within 'Solar'.

What does it mean that these Spirit Beings are showing up inside this unique crystal? I think it says a few things....

- 1) That ‘Solar’ is a Record Keeper of astonishing power
- 2) That ‘Solar’ is a Master Guardian
- 3) That ‘Solar’ acts as a kind of multi-dimensional portal to allow Higher Dimensional Beings to connect with us, in a very tangible and visible way.

On seeing some of these photos, clairvoyant Brenda Vong was ‘told’ that ‘Solar’ is transmitting information from several major Ascended Master Councils, including the Great White Brotherhood, of whom St Germaine is a member.

SOLAR’S Origins

World-renowned Brazilian Crystal Skull carver Leandro De Souza, who gave Solar form under his skilled hand, recently imparted more information about Solar’s origins...

“It is very interesting how the skulls reveal themselves. Solar came in a large batch of rutilated quartz from Bahia in South Eastern Brazil. This skull was differentiated in the piece I call the master batch. The initial idea was to sell the stone, but it was then in that natural rock, that I saw 'Solar' was stored.

A skull always pleads to me for help to be seen - to have their powerful quartz activation revealed. I carved open the face of 'Solar' so that he could be seen for this world. But when I opened the face of this skull, he was not yet activated. Sometimes a skull can wait for years to find their guardian, as in the case of 'Solar' and Lia.

I really do not know why I am chosen by the skulls for this special mission, but I am very happy to be the first to communicate with them, for I know that they will help special people like the angel Lia Scallon, with her beautiful work in this world. For me the skulls usually do not have a defined gender. The predominant masculine/feminine energy that you feel coming from our mother planet, is present in all minerals too. But you can be sure however, that 'Solar' is a man.

Solar remained with Leandro for more than 5 years after he carved him. Then in February this year 'Solar' told Leandro that he wanted to go to Mt Shasta. He was, we now know, getting himself into place to meet me there in June, in readiness for our work together! It is no accident either that for the 2012 Total Solar Eclipse, 'Solar' was in the one place in the world where he could sit under its full 'totality' – Cairns, Australia.

Two days after reading the information from Leandro, I received a 'Metatron' channelling from James Tyberon, which spoke about Crystals and their critical purpose at this time...

Crystals are great receivers and transmitters, and a strong communication network occurs between Master Crystals and indeed Crystal Vortex-Portals. The two most powerful Crystal Vortexes on the planet are Arkansas and Brazil. As such, the connection of the Arkansas vortexial portal to the Brazil vortexial portal is extremely important in the Ascension and global crystal network.

Two Master Temple Crystals are located in Brazil, in Bahia and Minas Gerais. The former is Atlantean seed, the latter LeMurian seed crystal. Keep in mind that while LeMuria is acknowledged as a civilization of great spirituality, there were thousands of years in which Atlantis harbored far greater frequency and enhanced levels of spiritual mastery that greatly exceeded that of LeMuria. Atlantis fractured into a polarized society before its demise, but many of the most important crystals were protected, uncontaminated and stored before they fell into misuse and destruction. The greater of these are stored in Arkansas and Brazil.

'Solar' originates from the Bahia region of Brazil, which Metatron describes as being one of the most powerful Crystal Vortexes in the world - the location of one of two Master Crystal Temples. I knew from the moment I 're-connected' with Solar, that he was a Master Being – this Metatron information confirmed that intuitive 'knowing'.

Due to 'Solar's great size and weight, there are few opportunities for people to meet this unique Crystal Master 'in person'. Solar generally works through me, transmitting to the world through the music and sound codes I bring forth. He is an incredibly powerful being however. Many people began reporting that they were being activated, purely by seeing his image. This prompted me to have two posters made so that people could meditate with 'Solar' within their own sacred space, and receive the energy and information from him in a more tangible way.

Solar displayed his power again, during the creation of the posters! The first background photo was taken on a magnificent sunny day on the road to Yarrabah, outside Cairns. The sun was shimmering on the water and there was a magical clarity of energy present. When I downloaded the photos my jaw dropped...the sky had turned to Indigo and the sun appeared surrounded by huge and beautiful pink petals! It was as if the sun wanted to make a powerful and dramatic statement about its namesake - the incredible Being 'Solar'.

The second photo was taken on the road to Atherton as the sun was setting, and the sky filled with the most exquisite golden light. There was a clear winner again – one photo had a huge purple orb present, right beneath where Solar is now positioned!

‘SOLAR’ has made it clear to me that on **12.12.12** he wishes to make himself available to people ‘in person’, to celebrate this pivotal galactic alignment date in our planet’s evolution. This will be the 2nd time only that ‘Solar’ has appeared in public. The event will take place at the Chrysalis Centre in Cairns.

I believe ‘Solar’s’ gift on that date, will be to activate those present into a connection with the 144 Crystalline Grid of Consciousness, said to come into completion at this very time. At this significant moment ‘Solar’ will provide an opening for us to receive the energy from the crystalline realms. 12.12.12 is a precursor to the 21.12.12 Winter Solstice, which is known to bring the completion of many major earth cycles. This event will indeed be an opportunity for ‘Crystal Illumination’, as we stand on the very brink of a New Age.

During the ceremonies, I will bring through Transformative Starseed Sound Codes from ‘Solar’ and the Ascended Guardian Beings who work with and through him. These sound codes will act as the catalyst for awakening, helping to open the hearts of all, to receive the gifts being offered. Also present to amplify the energy, will be the sacred Mandala art of Clive Walters, along with Elizabeth Ferris’s 300kilos of Lemurian Seed Crystals, many of which will form part of Solar’s altar on the night. Attendees may place their own personal crystals on the altar too, and bring along any sacred healing tools such as drums and rattles. The Chrysalis Centre on the 12.12.12, is going to be one powerful room!

Self-Love...Joy...Illumination...and realization of your own Divinity...May these gifts be revealed to you during this momentous 2012 Gateway. Let's make a vow to ourselves and to each other, to embrace all that we are, and all that we are becoming.
