Sounds of Sirius

By Lia Scallon

There is simply nothing else out there like Irish-born Lia Scallon's **Sounds of Sirius** CD series, now available in the United States. Lia's vocal harmonies, meditations, and quiet chants induce an immediate sense of deep calm and peacefulness, each note and ancient word seemingly imbued with the energy of pure love. Crystal bowls and gentle percussion inspired **Living Now Magazine** to write "This music uplifts and thrills..."

The **Sounds of Sirius** Compilation CD includes extracts from all seven of Lia's albums, each of which has touched listeners in profound ways. This compilation is a wonderful introduction to the full **Sounds of Sirius** collection; the carefully selected and complete pieces from each album make relaxation possible for even the busiest of lifestyles. This compilation provides a soothing and healing balm to the soul. **Conscious Living Magazine** wrote, "There is magic in Lia's voice that transcends the barriers of time and culture."

The Living Code

Deciphering Life's Spiritual Messages
by Learning to Live From the Heart

Would you like a 24/7 Hotline for Divine Guidance - a first aid kit for challenging times?

Each moment is encoded with symbolic messages, **The Living Code**, (TLC) that can be read, deciphered, and used by those who know how.

Linda and Brenda McCoy "the twins" share their parallel journeys in this spiritual autobiography. They learned to decipher life's spiritual messages which lead to their spiritual awakening.

Their fundamental upbringing created years of discontent. The twins clearly learned the difference between religion and spirituality. Being home schooled by Divine Spirit, life experiences became their school house of Higher Education.

TLC is a blend of inspirational stories, practical exercises and humorous insights that will create a permanent link with your intuition—the True Self. This book will forever change the way you look at life and God/Source, if used as an inspirational template to decipher your own Living Code.
